PERSISTENT CROSS SITE SCRIPTING BUG IN CONDUIT

WIBIYA TOOLBAR ACCOUNTS

EXPLOIT TITLE: PERSISTENT XSS IN CONDUIT WIBIYA TOOLBARVENDOR:CONDUITPAGE RANK:67(BY ALEXA)AUTHOR:R007k17-wEMAIL-ID:n4gb07@gmail.comGOOGLE DORK:Modular Patterns Ltd. (c) 2012 (Wibiya.conduit)CRITICALITY:HIGH

- Create an account at <u>http://wibiya.conduit.com/web_toolbar</u> Add apps like 'Social chat', 'Real Time Users','Smart Share' etc while Signing Up.
- 2. Sign In to Wibiya.conduit account by clicking 'login' in the Conduit Web Toolbar in the top.
- 3. Go to 'Edit Bar', Chose 'My applications'
- 4. Mouse hover on apps u have added as mentioned above.
- 5. Eg: Hover mouse cursor on 'Social Chat' apps , Click on 'Edit' option,
- 6. POSTDATA: "'> ans Save

Now repeat 3,4,5th steps

Observe the Popup.

Criticality is very high in the 'Social Chat' apps compared to other. Since once the JavaScript is injected , can't change it next trials!!

Social Chat By Wibiya Overview Settings OK The page at http://wibiya.conduit.com says: Image: Control of the page at http://wibiya.conduit.com says:
Choose which networks are available to your users. Your users will be able to connect to several networks simultaneously and choose one with which to enter the chat rooms.
 ✓ IF Facebook ✓ E Twitter
✓ S I Winter ✓ S MySpace
V Yahoo
You have complete moderation control over the chat room. This means, you can eliminate unwanted messages and even ban unwanted users from your chat rooms permanently. Your moderator tools are available directly from the chat application within your website.
